

The True American.

HOME MATTERS.

One of our Birds, visited Wayneburg, Green Co. Pa., some two weeks ago, on a speculating expedition, and having a little change in his pockets, not very current in this place, passed it to some of the natives of W. Upon inspection, it was found to be spurious. The visitor was then examined, and \$4,000, of the same sort, being found on his person, the case was considered somewhat suspicious, and he was lodged in jail, from whence it is expected that he will pay a visit, in due time, to Allegheny City.

Recovered.—The body of Matthew Pringle, who belonged to this city, drowned off the steamer "Convoy" at the Wheeling wharf Wednesday last, was recovered Thursday, and brought here the same day. The body was lodged under the steamer "Albion" and rose to the surface after the steamer "pulled out." The body of the unfortunate youth was buried, Thursday evening.

Wm. Kelley, manufacturer of all kinds of Shoes, Gaiters, and Slippers, for Ladies' wear of the very best material—South 4th Street, east side, Steubenville, Ohio.

Correction.—From wrong information, we stated in our last week's issue, that Mrs. Thos. Greer had deceased.—We are glad to be informed that she is not the case. Her health is said to be improving; and there are hopes of her recovery.

The harvest has been rapidly progressing throughout our county, the two last weeks. The yield is large and the quality excellent.

The readers of the *True American* are hereby notified that, they have recently had an immense amount of rain in their various localities. In Steubenville, we have had our full share. On Sabbath last, P. M., the rain fell in torrents for about 30 minutes; and on Monday at 9 o'clock, A. M., our streets were again inundated with water.

Fresh Arrival.
THOMAS GORSUCH, Market Street above Sixth has just received a fresh supply of X and X "Malvern" and Cincinnati, Red and White Wheat Flour; also a supply of Unbleached Flour, and Screenings, and has on hand a superb lot of Fine and Superfine Flour; also Rye Flour, Corn Meal, Corn, oats and an assortment of Mill feed all of which will be sold in large or small quantities to suit purchasers and at small profits. CALL AND SEE.

Reading Prayers.
Among the most eminent, and by no means the least witty, of the Congregational Clergymen of the last generation in this vicinity, was the Rev. Calvin Chapin, D. D. The following anecdote has been in print before:

Many years ago, before Albany was linked to Boston by iron bands, a meeting of the American Board of Commissioners for Foreign Missions was held at Albany, and Dr. Chapin, with a number of other clergymen from this region, attended, performing the journey by stage. At the close of the meeting they returned by the same conveyance. The stage started at four o'clock in the morning, while all the passengers in the stage but one were Congregational Clergymen; and that one was a young Episcopal Minister. At first starting the passengers were all silent, till after some time, our Episcopal friend, with somewhat more of courage than discretion, proceeded to deliver himself substantially as follows:

"I have been examining these portions of the Scriptures, lately, in which prayer is spoken of, and have satisfied myself that prayer is never spoken of in the Bible where the circumstances do not make it probable—yes, I may say certain—that the prayer must be read."

To this somewhat startling proposition no one made any reply, but our young friend nothing daunted, went on: "I will defy any gentleman present to bring forward an instance where this is not the case."

There was again a short silence, which was broken by Dr. Chapin, who said in his blandest and most deferential tones, "I do not mean to deny your position sir; but there is one question I should like to ask, if you will be so kind as to answer it."

"Oh, ask as many questions as you please, I will answer them," was the reply of the young man.

"The question I wished to ask was," said Dr. Chapin, very deliberately, "who held the candle for Jonah, when he read prayers in the whale's belly?"

It is said that the juvenile divine maintained a dignified silence during the rest of that journey.

The World Grows Better.
It is constantly being said and published that "the world is degenerating," that "men are less honest than formerly," etc.; etc.; but it is not so. The world is growing better. There is more probity, charity, truth, and goodness in the world now than ever before. But owing to the omnipresence of newspapers, the crimes of society are now more talked of, and a knowledge of them more widely diffused than heretofore, and on this account there seems to be more crime now than in the olden times. Suppose there was not a paper or periodical published in America! Crime might then increase a hundred fold, and we should not hear so much about it as we do now. And in past ages crime could be committed without exposure, or comment, or permanent record, except in comparatively a few cases, whereas now it is speedily brought to the broadlight of universal publicity.

Bragg's Arctic Liniment.

THIS incomparable Liniment, upon which the great mass of the afflicted of all lands now rely for relief from the pangs of Rheumatism, Neuralgia, Gout, Erysipelas, Cancer, Scrofula, Sprains, Bruises, Burns, Scalds, and all cutaneous diseases, is rapidly superseding all similar preparations. The proprietors give for the encouragement of sufferers, the following memorandum of a few of the wonderful cures effected by it during the past few months. Certificates from the parties named are in the possession of the proprietors, but their length precludes the publication of all but a few.

One Bottle Triumphant.
Mrs. Moffit, No. 345 Morgan Street, St. Louis, having suffered for three years with Rheumatism, and tried many preparations without effect, was cured by one fifty cent bottle of Arctic Liniment.

PITY THE LITTLE CHILDREN.
A little daughter of Mrs. Lee, residing on Lake Street, Chicago, was scalded all over by the upsetting of a kettle of boiling water. The Arctic Liniment was applied according to the directions, and the fire was instantly extinguished, and in a few days the little sufferer was well.

RESTORED TO BEAUTY.
Mrs. George K. Tyler, Canal Street, N. O., had long suffered from a painful and disfiguring eruption on the face, and by the use of one bottle of the Liniment was cured, and restored to her original beauty.

A Horrible Tumor.
Eugene Mallory, Natchez, was three years the victim of a horrible tumor on the neck, which resisted all remedies until he tried the Arctic Liniment. Three bottles cured him in a few weeks.

WONDERFUL CURE.
Mrs. Bedford, Mobile, was confined for three years with numb palsy, and after being in despair from the failure of all other remedies, was cured by the Arctic Liniment, in a little over a month.

AN EXPLOSION.
Messrs. Tenn. Nov. 26th, 1857.
I hereby certify, that having been badly bruised and scalded by the explosion of a Steam Boiler, a friend induced me to try Bragg's Arctic Liniment. The smart was in a short time, all the pain was gone from the bruises. In two weeks I was well, and able to resume my business. HENRY HAYESKILL, residence, Jackson Street.

THE BLIND SEE!
WESTER CITY, Iowa, Nov. 9th, 1857.
Dr. Bragg—Dear Sir—For more than three years I have been afflicted with inflamed eyes in an aggravated degree, and tried various Physicians and nostrums, to no effect; I was induced by Dr. Baum, to try the Arctic Liniment, and in two months was nearly well. My little daughter was afflicted in the same manner for the same time, and during a portion of the time was entirely blind in one eye. I applied your valuable Liniment, and her eyes are now perfectly sound. Thus have I, with one two-bit bottle, cured my daughter's eyes and my own. Enclosing the rheumatism in my back. I would not be without your invaluable remedy in my house. Yours truly, Wm. Russell.

Webster City, Iowa, Nov. 9, 1857.
I hereby certify, that I was well acquainted with William Russell, and with the astonishing cures he mentions, and know his statement to be strictly true. J. J. WADSWORTH, P. M. Webster City.

GOOD FOR ANIMALS.
This invaluable Liniment is also equally efficacious in curing the diseases of animals, as witnesses the following certificate: Messrs. J. & A. Amos, breeders of horses, keep the two largest Livery Stables in the west, and are generally known throughout the United States.

St. Louis, Dec. 23d, 1857.
We the undersigned, having used Dr. Bragg's Arctic Liniment for a number of months, cheerfully testify to its superior efficacy in curing the diseases of horses; so well are we satisfied of the Arctic being the best Liniment made, that we would use no other. We keep and have kept for a number of years extensive livery stables in this city, and consequently our experience about horses and their diseases is great, and we unhesitatingly say, that the Arctic Liniment is the only one we have ever found ANTI-RHEUMATIC. We cordially recommend it to all livery stable keepers and others having the care of horses. J. & A. AMOS, Livery & Amos, Chestnut Street.

CAUTION.
Many Druggists having old liniments on hand, will try to sell them to you as the best, but do you positively refuse to purchase them. Ask for Bragg's Arctic Liniment, and take no other.

Liberal Proposition.
The proprietors agree to furnish each purchaser of a dollar bottle, with a free subscription to the U. S. Journal, for one year. This is one of the best N. Y. illustrated papers. A certificate entitling the holder to the benefit of this proposition, is enclosed in the wrapper around every dollar bottle. The Arctic Liniment is put up in 25 cent, 50 cent, and \$1 bottles. The 50 cent and \$1 bottles contain from 50 to 100 per cent. more Liniment in proportion to their cost, and are the cheapest. For sale by BRAGG & BURROWS, Sole Proprietors, St. Louis, Mo. An agent is wanted in every town and village. Applications must always be accompanied by responsible references. Hening & Melvin, Agents for Steubenville, may 12-58.

War Debate in the Senate—Republicans Steal Locomotive.
The Louisville Journal gives the following ludicrous account of the rival belligerency of Democratic and Republican Senators, toward England, growing out of the "outrages" in the Gulf:

The discussion in the senate upon the subject of the alleged British outrages in the Gulf was infinitely amusing. The Democratic leaders opened the debate and did it in an exceedingly fiery style. Assuming, as a matter not to be doubted, that their opponents would oppose the adoption of any rash or precipitate policy towards Great Britain, and that they themselves might consequently deliver a few war speeches not only without danger of war, but with a fair prospect of making political capital therefrom, in future political contests, they thundered and lightened in favor of bringing Great Britain instantly to account for her outrages and sending armed ships to the Gulf to sink her men of war without a week's delay. The Republican leaders in the Senate, Seward, Hale, Wilson, &c., saw through the whole of the Democratic outburst, and determined to take the wind not only out of their sails, but out of them. They had not the slightest notion of letting themselves be out-shouted or out-yelled by the Democratic shouters and yellors for war. So they went to work and out Herodotus Herod; they out-thundered the Democratic iron Jupiters. Whereas their opponents had protested against a week's delay, they inveighed fiercely against a day's or an hour's—Whereas their opponents had been vehement, they were terrific. The scene strongly reminded the country of the passage in a fearful modern play, where, in the midst of a whirlwind of bluster, one of the characters exclaims in tremendous accents, "For I have heard on Africa's burning shore A great red lion give a serious roar."

So I have seen on Africa's burning shore A great red lion give a serious roar. And the last lion thought the first a bore." The Republicans carried their point completely. No sooner did the Democratic Senators hear the Republican war whoop against Great Britain than they lowered their own voices down almost to a whisper. Finding themselves outwitted, they took to cackling. There was no more salt petre in their subsequent speeches than in a pan of milk and water.

Every man of Genius, Taste, Refinement and Good Breeding, desires to be thought well of by the World and the rest of Mankind. This disposition is the natural cause which keeps men honest, and prompts them to the exercise of a laudable ambition; hence the desire to be approved of, which suggests to many the proper subject of "Dress and Appearance." To look well, we must be well dressed; to be well dressed, one must have good clothes; to get good clothes at greatly reduced prices, the Great Mammoth Clothing Establishment of MAY & ROTHCHILD IS THE PLACE. my 12.

GOOD MEDICINES.

It is estimated that AYER'S CATHARTIC PILL has done more to promote the public health, than any other one medicine. There can be no question that Cherry Pectoral has by its thousand on thousand cures of Coughs, Croup, Whooping Cough, Bronchitis, &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Everybody needs more or less purging.—Purge the blood from its impurities. Purge the bowels, Liver and the whole visceral system from obstructions. Purge out the diseases which fasten on the body, to work its decay. But for diseases we should die only of old age. Take antidotes early and thrust them from the system, before it is yet too strong to yield.

Ayer's Pills do thrust out disease, not only while it is weak but when it has taken a strong hold. Read the astounding statements of those who have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Internal Pains, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as pimples on the face, Worms, Nervous Irritability, Loss of Appetite, Irregularities, Disinclination in the head, Colds, Fevers, Dysentery, and indeed every variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own Physicians.

Try them once, and you will never be without them.

TO MOTHERS AND DAUGHTERS. DR. BRAGG'S VIRGIN PILLS.

THE essential ingredient of this valuable medicine is a new, but is well known to the medical schools of France and Germany, and has been employed by the females of the principal courts of Europe, and by all the most distinguished physicians in this specialty for the last ten years. My motive is not to offer my patent discovery, but simply to present to the mothers and daughters of our own land a simple but sure remedy for those diseases to which they are naturally subjected, in such a form as should obviate the necessity of those painful consultations, which are justly looked upon by women as a violation of their most sacred feelings, and to avoid which they often risk the most fearful consequences.

I have therefore prepared this specific in the most simple form of a pill, and put it up in small, flat boxes, which can safely be sent any distance by mail in a common envelope. Each box is accompanied with full directions and explanations, enabling every patient to understand the nature of the disease, and to avoid which they often risk the most fearful consequences.

The Virgin Pills possess such powerful penetrating properties that none of the diseases within the range of their action can withstand or evade them. They cleanse, purify, and invigorate every portion of the female organism, correcting its diseased action, and restoring its healthy functions. They effect a certain cure for falling of the womb, whites, and irregularities of the menstrual system, and invigorate every portion of the female organism, correcting its diseased action, and restoring its healthy functions. They effect a certain cure for falling of the womb, whites, and irregularities of the menstrual system, and invigorate every portion of the female organism, correcting its diseased action, and restoring its healthy functions.

Price \$1 per box, and will be sent post paid, by return mail, to any part of the United States, on receipt of the money. The money may be sent by mail, at the option of the subscriber. DR. A. G. BRAGG, may 12-58 Saint Louis, Mo.

A CARD TO THE LADIES.—Dr. Dupon's Golden Female Pills are infallible in removing stoppages or irregularities of the menses—These pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalleled success in every case. He is urged by many thousand ladies who have used them to make the pills public, for the alleviation of those suffering from any irregularities whatever, as well as a preventive to those ladies whose health will not permit an increase of family. Pregnant females or those supposing themselves so, are cautioned against using these pills, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any injury to health; otherwise these pills are recommended.

Directions accompany each box. Price one dollar; sold wholesale by M. L. MILLER, Third street Steubenville.

General Agent for Jefferson Co. O. All orders must be addressed to the above General agent who will supply the trade at proprietor's prices and send the pills confidentially to Ladies by mail on receiving \$1 through the post-office.
